The DTI have agreed to fund applicants on CIM, CMI and Executive courses at the new rate of 35%. The new process will be simpler for candidates who will only pay the discounted rate (65% of the full price) upon application. The IBS will claim the remaining fees from the DTI on behalf of students with approved and paid for applications.

The DTI reviews its support at various times and there is no guarantee that support will continue. All DTI support is granted on the condition that students provide feedback to the DTI on completion of their programme of study.
