## NEWS RELEASE – 24.06.05

### IBS Undergraduate Degree Results Out!

Students at the Isle of Man International Business School have just received their final degree results. They are the first ever cohort of undergraduate students to complete a full time degree programme at the school. Results are excellent with every student successfully passing their BA (Hons) degree in either Business Management or Business Administration. The IBS can proudly announce that one student gained a first class honours, 6 achieved an upper second and 9 achieved a second class honours award. There were no thirds awarded and no fails.

The IBS results compare very favourably with those attained by students on the same course at Liverpool John Moores University (The IBS's academic partner) and can be attributed to the small class sizes, the high level of personal attention and the extremely experienced academic staff that the school offers. Head of Sales and Marketing Tiffany Jacobsen is delighted with the news of the students' success:

“Congratulations go out to all our graduating students and also to the staff of The IBS for achieving such fantastic results. These were the first students to sign up to an on-island degree and the Island should be very proud of this achievement. It is a true testament to the hard work of the students and the quality of the teaching and support given by our staff”

The IBS is also delighted to report that many of these students have already found permanent employment within the Manx business community – many with the firms with whom they carried out their work experience year.

The IBS is celebrating its results at a Graduation Ceremony taking place at Peel Cathedral on the afternoon of Monday 11<sup>th</sup> July.

Places are still available for undergraduate degrees commencing in September 2006. Anybody interested in full or part time courses should contact The IBS on 693709.
