NEWS RELEASE – 01.02.08

Institute of Directors Evening Preview – Tuesday 18th March

An Evening Preview for company directors to find out more about the Institute of Directors Programme in Company Direction will take place at the International Business School on Tuesday, 18th March, 6.30-8pm.

Attendees will have the opportunity to hear short presentations from course leaders and past delegates and to ask questions in an informal setting about any aspect of the programme.

The Institute of Directors' (IOD) Company Direction Programme has been delivered at the Isle of Man International Business School by the University of Salford in conjunction with the IoD since 2002. In November 2006 the Isle of Man Department of Trade and Industry announced funding for the Certificate and Diploma on the Island.

The Company Direction programme comprises seven short courses, each concentrating on particular aspects of the Director's and Board's role. They are delivered by face to face intensive training blended with e-learning and are designed to be flexible and easy to fit around a busy schedule.

The IOD programme is suitable for anybody who is or aspires to be involved in a company administration or directorship role. The programme will enhance skills and knowledge to better understand leading practice and ensure that the business is run effectively.

If you would like to book a place at the evening preview, please visit the IoD website at www.business.salford.ac.uk/iod/eveningpreview or contact Alison Kennedy directly by email: J.A.Kennedy@salford.ac.uk or Tel: 0161 2955655

Please ensure that your email includes your name, company name (if applicable) and contact details.

Further information about the IoD can be found at www.business.salford.ac.uk/iod
